- ✓ **More safety against droplets for all users of head lights (e.g. ENT doctors)**
- ✓ **Fitting to almost all Faromed head light models***
- ✓ **Velcro set to attach to other head lights**
- ✓ **Extremely light weight**

Easy attachment with the snap fasteners of the front bolster of the head light.

Light weight and high transparency material

Special bolster tissue (keeps moisture inside so that the head always feels cool and comfortable).

The shield can be fixed to head lights also without snap fasteners by the included Velcro fixation spots. It also can fit to head lights with similar headband configuration of other brands (no warranty)

*does not fit to Faromed models: 08-315, 08-317, 08-325, 08-327

Item code: 08-795-FS

Set includes:

5x	Face Shield
1x	08-335-P4 Special bolster
20x	Velcro selfadhesive spots
